Gentlemen,

Thank you for today's productive discussion. I'd like to schedule a meeting to finalize and launch a plan for the gravel and grading of our roads. My primary goal is to negotiate a reduction in our current gravel costs from another source, enabling us to extend coverage to more roads this year. With collective effort, I am confident we can coordinate a cost-effective bulk purchase and delivery of gravel through the Levy Company, aligning it with the RCOC's scheduled application. This initiative has the potential to make a significant positive impact on our community, and I am eager to see it come together.

Please share your availability for a meeting at in the next week or two at your earliest convenience .

Respectfully,

Ric Davis
