

May 22, 2026

To Whom It May Concern:

Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, I am requesting records from the U.S. Environmental Protection Agency, including EPA Region 5, related to the proposed Ormond Road sand and gravel mining site in Springfield Township, Oakland County, Michigan, and its proximity to the Springfield Township Dump Superfund Site.

For clarity, the Superfund site is:

Springfield Township Dump Superfund Site
12955 Shindler Road
Davisburg, MI 48350
EPA ID: MID980499966
Also referred to as the “Springfield Site” or “Site”

Please search for records from January 1, 2025 through the date this request is processed.

I am requesting communications, including emails, letters, memoranda, meeting notes, calendar entries, and attachments, between EPA and any of the following parties:

Burroughs Materials Corporation
The Levy Group / Levy
Springfield Township, Michigan
Springfield Township Supervisor Richard “Ric” Davis
Michigan EGLE, if included in communications involving both the Ormond Road site and the Springfield Township Dump Superfund Site

This request is limited to records that discuss or reference both:

1. The proposed Ormond Road sand and gravel mining site, including the property at or near 6651 Ormond Road in Springfield Township; and
2. The Springfield Township Dump Superfund Site, located at 12955 Shindler Road, Davisburg, Michigan, EPA ID: MID980499966, including the proposed mining site’s proximity to, possible relationship with, or potential environmental implications involving the Superfund site.

Please include attachments to responsive communications.

Please provide records electronically. If any records are withheld or redacted, please identify the FOIA exemption relied upon and release all reasonably segregable non-exempt portions.

May 22, 2026

If this request is considered too broad, please contact me before denying the request so I may clarify or narrow the scope.

I request a waiver of fees because disclosure of these records is in the public interest. The requested records concern a proposed sand and gravel mining operation, potential groundwater or environmental concerns, and the relationship between the proposed Ormond Road mining site and a federal Superfund site in Springfield Township.

If a fee waiver is not granted, please notify me before incurring fees over \$25.00.

Thank you for your assistance.

Sincerely,

Kara Okonewski
