RE: FOIA REQUEST of May 04, 2026, Reference # F003114-050426

Dear Kara Okonewski:

This letter is in response to your Freedom of Information Act (FOIA) request referenced above.

Your request is granted in part. You may log in to the [Oakland County Records Center](#) to view the responsive records able to be released for vacant address 6651 Ormond Rd - Springfield Twp/Parcel ID 0719401007, which includes the files for two test well permits, EHW-2025-00750 (issued 12/5/25) and EHW-2025-00753 (issued 12/9/25). Although you only asked for records dated 1/1/26-present, I included those two test well permits, since the permits are valid for up to two years from date of issuance.

Your request for any record relating to Fire Department use, hydrant use, access, easement, ownership, maintenance or Township use of the well is denied, because no records exist with the Health Division. It is recommended that you contact the Springfield Twp Fire Department and the Springfield Twp offices for those possible records.

**YOUR FURTHER LEGAL RIGHTS**

To the extent that this response, in your opinion, constitutes a denial of your Freedom of Information Act (FOIA) rights, your statutory remedies are as follows:

For FOIA denials, you may submit to the head of the public body a written appeal that specifically states the word "appeal" and identifies the reason or reasons for reversal of the denial. Within 10 business days after the head of the public body receives a written appeal he or she will do one of the following:

1. Reverse the denial.
2. Issue a written notice to you upholding the denial.
3. Reverse the denial in part and issue a written notice to you upholding the denial in part.
4. Under unusual circumstances, issue a notice extending for not more than 10 business days the time to respond.

You may begin a civil action in circuit court to compel the public body's disclosure of the public records within 180 days after a public body's final determination to deny a request.

You have the right to receive attorneys' fees and damages as provided in MCL 15.240 if, after judicial review, the court determines that the public body has not complied with MCL 15.235 and orders disclosure of all or a portion of a public record.

For fee appeals, if the public body requires a fee that, in your opinion, exceeds the amount permitted under its procedures and guidelines or MCL 15.234, you may submit to the head of the public body a written fee appeal for a fee reduction that specifically states the word "appeal" and identifies how the required fee exceeds the amount permitted. Within 10 business days after the head of the public body receives a written fee appeal, he or she will do one of the following:

1. Waive the fee.
2. Reduce the fee and issue a written determination to the requesting person indicating the basis for the remaining fee.
3. Uphold the fee and issue a written determination to the requesting person indicating the basis for upholding the fee.
4. If necessary, issue a notice extending for not more than 10 business days the time to respond.

Within 45 days after the head of the public body issues a written determination on the fee appeal or if the head of the public body failed to respond to the fee appeal, you may begin a civil action in circuit court.

Oakland County's FOIA Procedures and Guidelines, and its Public Summary, can be found at <https://www.oakgov.com/government/FOIA>

Sincerely,

OAKLAND COUNTY HEALTH DIVISION  
DEPARTMENT OF HEALTH & HUMAN SERVICES

Christine Newcomb  
Health Division

## PERMIT TO INSTALL AN ONSITE WELL

PERMIT #: EHW-2025-00753

Issue Date: 12/09/2025

APPLICATION RECEIPT DATE: 12/04/2025

PARCEL ID #: 0719401007

PROPERTY ADDRESS: 6651 ORMOND RD  
DAVISBURG, MI 48350

WELL INFORMATION: Type of Well: Test Well

**OWNER:**

Name: EDWARD C LEVY COMPANY

Address: 9300 DIX  
DEARBORN, MI 48120

Phone:

**APPLICANT:**

Name: LWD, INC.

Address: 3159 E BRISTOL RD  
BURTON, MI 48529

Phone: (81-0) -686-

### PERMIT APPROVED SUBJECT TO THE FOLLOWING CONDITIONS:

**Minimum Isolation Distances:**

50 feet from any septic tank or drainfield.

Greater than 50 feet from storm drains.

10 feet from any surface water (lake, stream, pond, ditch, etc.)

**Subdivision Requirements:**

**Deviation Granted:**

Not Applicable

**Comments:**

Pumping capacity shall not exceed 70 GPM.

Owner may be required to comply with other applicable laws, regulations, ordinances, and codes related to the water supply at this location.

**Special Sampling:**

**Sampling Frequency:**

**THIS PERMIT IS VOID AFTER TWO (2) YEARS FROM DATE OF ISSUE**

Sanitarian: Mike Morris

Supervisor: Kevin Paladino

PERMIT#: EHW-2025-00753

Parcel ID: 0719401007

**Property Address:**

6651 ORMOND RD  
DAVISBURG, MI 48350

**OTHER PERMIT CONDITIONS:**

- CALL FOR GROUT INSPECTION WHEN WORK BEGINS
- Required isolation distances must be met.
- Well log and/or abandonment records must be submitted within 60 days of well completion and/or plugging activity.
- Installation must comply with Michigan Water Well Construction and Pump Installation Code, Part 127, Act 368 of the Public Acts of 1978 as amended, and rules, and Act 399 of 1976 as amended and administrative rules.
- If applicable, proper abandonment of a flowing well shall stop the flow by plugging the well with neat cement or concrete grout.
- If applicable, any existing or unused water wells onsite must be properly abandoned with proper documentation submitted in compliance with Michigan Water Well Construction and Pump Installation Code, Part 127, Act 368 of the Public Acts of 1978 as amended, and rules, and Act 399 of 1976 as amended and administrative rules; or certified in writing as usable for intended purposes.
- This Onsite Well Permit does not ensure an Onsite Wastewater Treatment System Permit. An Onsite Well installation may reduce or eliminate an approved onsite wastewater treatment system area resulting in denial of an application for an Onsite Wastewater Treatment System Permit.
- Act 53, P.A. 1974 requires the applicant to notify the public utilities prior to excavation. In addition, you must call 1-800-MISS DIG to locate public underground utilities.
- Owner may be required to comply with other applicable laws, regulations, ordinances, and codes related to the water supply at this location.

**Disclaimer:** The Oakland County Health Division will not deny participation in its programs based on race, sex, religion, national origin, age or disability. State and federal eligibility requirements apply for certain programs.

Good afternoon Nicole,

Thank you for letting me know. Is there a way to refund or reapply the additional well fee and part of the service fee already paid to a new permit?

Thanks,  
Marnie

Hello there! You have applied for a test well with record EHSI-2025-00750. On the application it says for TWO wells. This application will only cover ONE well, each well needs its own application. Please re-apply for other test well. Thank you!

### PERMIT APPROVED SUBJECT TO THE FOLLOWING CONDITIONS:

**Minimum Isolation Distances:**

Greater than 50 feet from storm drains.

50 feet from any septic tank or drainfield.

10 feet from any surface water (lake, stream, pond, ditch, etc.)

**Subdivision Requirements:**

**Deviation Granted:**

Not Applicable

**Comments:**

Pumping capacity shall not exceed 70 GPM.

Owner may be required to comply with other applicable laws, regulations, ordinances, and codes related to the water supply at this location.

**Special Sampling:**

**Sampling Frequency:**

**THIS PERMIT IS VOID AFTER TWO (2) YEARS FROM DATE OF ISSUE**

Sanitarian: Mike Morris

Supervisor: Kevin Paladino

SEE NEXT SECTION FOR OTHER CONDITIONS

HEALTH DIVISION

Kate Guzmán, Health Officer  
(248) 858-1280 | health@oakgov.com

PERMIT#: EHW-2025-00750

Parcel ID: 0719401007

**Property Address:**

6651 ORMOND RD  
DAVISBURG, MI 48350

**OTHER PERMIT CONDITIONS:**

- CALL FOR GROUT INSPECTION WHEN WORK BEGINS
- Required isolation distances must be met.
- Well log and/or abandonment records must be submitted within 60 days of well completion and/or plugging activity.
- Installation must comply with Michigan Water Well Construction and Pump Installation Code, Part 127, Act 368 of the Public Acts of 1978 as amended, and rules, and Act 399 of 1976 as amended and administrative rules.
- If applicable, proper abandonment of a flowing well shall stop the flow by plugging the well with neat cement or concrete grout.
- If applicable, any existing or unused water wells onsite must be properly abandoned with proper documentation submitted in compliance with Michigan Water Well Construction and Pump Installation Code, Part 127, Act 368 of the Public Acts of 1978 as amended, and rules, and Act 399 of 1976 as amended and administrative rules; or certified in writing as usable for intended purposes.
- This Onsite Well Permit does not ensure an Onsite Wastewater Treatment System Permit. An Onsite Well installation may reduce or eliminate an approved onsite wastewater treatment system area resulting in denial of an application for an Onsite Wastewater Treatment System Permit.
- Act 53, P.A. 1974 requires the applicant to notify the public utilities prior to excavation. In addition, you must call 1-800-MISS DIG to locate public underground utilities.
- Owner may be required to comply with other applicable laws, regulations, ordinances, and codes related to the water supply at this location.

**Disclaimer:** The Oakland County Health Division will not deny participation in its programs based on race, sex, religion national origin, age or disability. State and federal eligibility requirements apply for certain programs.
